Free, Full-day Kindergarten

Children who will be 5 years old on or before September 10, 2018 are eligible to register for Kindergarten beginning Tuesday, February 20

Research has shown that full-day kindergarten:

- Offers social, emotional and intellectual benefits
- Better prepares students for first grade
- Is proven to produce long-term educational gains and increase the chances of reaching high school graduation

Enrolling your child in school early allows SKPS to prepare for the best possible education for your child, including planning for classrooms and teachers, as well as giving your child(ren) the time, support and resources to prepare for his/her first year of school.
